

Keyboarding 1

September 7 - November 15
The Hunter Complex, Coweta County

Class Description

KEYBOARDING 1 for children 5 to 7 years

If your child can sing in tune and keep a steady beat, he or she is most likely ready for instrumental instruction. We will utilize Rob Sayer's, creator of "The Music Class", "Sound Habits" curriculum, in which aural skills are taught along with technical skills and students learn to play by ear before music notation is introduced. Children and their parents learn together in a group of up to 12 families.

New students are accepted in the FALL SESSION ONLY!

Program Highlights include:

- Weekly group lessons that are taught in a fun and playful manner.
- Tiny Tunes Music Time class style songs and movement activities at a more sophisticated level.
- Learn to play many familiar songs on the keyboard.
- Recitals featuring student solos, parent-child duets, and child-child duets and ensembles.
- Beginning harmony, transposition and improvisation. CD that guides you through each home practice session.
- Students are expected to practice at home at least three times per week.
- Promote self esteem and self discipline.
- Develop many musical skills that are easily transferred to other instruments.
- Each class is 45 minutes.
- Keyboard class follows a one year curriculum. (Three sequential 10-week sessions: Fall, Winter, and Spring Sessions ONLY!)
- Students will need to PURCHASE an electronic (61 key is a good size) keyboard (with batteries) to bring to EACH class and to have to practice on at home. Please see OUR website for further details.
- Chairs and stands for keyboards will be provided for families at each class.
