Class Description

MUSIC CATS for children 4 to 6 years old

Music Cats is a music and creative development program developed by Rob Sayer of "The Music Class". Unlike Tiny Tunes classes, parents will drop off their children for the 45min class once a week for 10 weeks. On week 10, parents are welcome to attend class this day to see what their child has accomplished during these classes.

Music Cats includes the same FUN spirit Tiny Tunes Music Time offers, with more challenging activities designed to capitalize on the creativity and abilities of "big kids."

Goals and Highlights of Music Cats:

* Develop critical listening skills. While critical listening skills are essential for musical success, the fun activities we do in Music Cats will also prepare your child to be a better listener in the classroom.

* Fun props and activities are a hallmark of Tiny Tunes classes. In Music Cats, your child will enjoy using large drums and our unique Giant Keyboard.

* Fun keyboarding activities to help prepare our students for future keyboard or piano lessons.

* We introduce band and orchestra instruments, and practice identifying the sounds they produce.

* Individualized tonal and rhythm instruction is included each week to challenge each student at his or her own level.

*We strongly encourage students interested in taking our Keyboard class in the future, to take Music Cats first.
